

Need a Speaker for Your Meeting?

Ziff Energy Group is one of North America's oldest and leading energy consulting firms, offering presentations to professional associations on a wide variety of energy topics.

- ✓ Changing Industry Structure
- ✓ Finding & Development Costs
- ✓ Gas Price Dynamics
- ✓ Reducing Field Operating Costs
- ✓ Gas Storage & Transportation
- ✓ Forecasts of Natural Gas Supply
- ✓ Producer Economics
- ✓ Corporate Industry Trend Analysis
- ✓ Deepwater Development
- ✓ Market Outlooks & Trends

Paul Ziff, CEO

Paul is a leading consultant to the oil and natural gas industry and a specialist on natural gas industry strategies and corporate performance of the Canadian producing industry. He has conceived and directed a wide range of top class studies in the areas of both corporate performance and gas issues such as Canadian Deliverability.

Juan Carlos Alba, Vice President, International E&P

Juan Carlos is an energy and international business development specialist with 15+ years of experience in Latin America. He has participated in several Latin American oil and gas Engineering Procurement and Construction projects including pipelines, compressor stations, production, and processing facilities.

Richard Tucker, Vice President Marketing & Client Relations

Richard is responsible for marketing of Ziff Energy's E&P Services in the U.S. and international (outside South America). He has 28 years experience providing consulting services to the energy industry, both upstream and downstream.

W.P. (Bill) Gwozd, P.Eng, Vice President, Gas Services

Bill is responsible for customized consulting projects pertaining to gas supply, demand, storage, transportation, and pricing. With over a quarter century of experience, he leads Ziff Energy's North American natural gas retainer service, Canadian finding and development studies, and regional multi-client assessments.

Simon Mauger, P.Geol., Director, Gas Services

Simon has three decades of experience in the upstream oil and gas industry as an exploration and development geologist in the Western Canadian Sedimentary Basin and other locations.

Edward Kallio, Manager, Gas Consulting

Ed has over a quarter century of gas industry experience in trading, marketing, portfolio management, supply, forecasting and policy analysis in the private and public sectors. He has advised clients with respect to natural gas and electricity supply transactions and hedging programs.

Cameron Gingrich, B.Sc., B.A., Manager, Gas Services

Cameron has half a dozen years of natural gas experience at Ziff Energy. Primarily responsible for analytical support and in-depth customized data analysis, trending, and modeling for the Gas Services team, Mr. Gingrich brings a wealth of insight, creativity, and economic knowledge.

- Woodrow Wilson International Centre (Washington)
- World Energy Council - N. America
- World Petroleum Congress (16th, 17th, and 18th)

Ziff Energy Group is one of the largest North American energy consulting firms specializing in the natural gas industry. Our firm undertakes North American and international assignments from our offices in Calgary and Houston. We are the leader in the US, Canada, and around the world for upstream performance analysis of the oil and natural gas industry, having conducted over 165+ benchmark studies for E&P companies and governments in a dozen countries. Ziff Energy offers its expertise on a wider platform through our Speaker's Bureau. Ziff Energy provides consulting services and research on natural gas issues on supply, markets, transportation, storage, regulatory issues, and price dynamics.
